

## Ford Tourneo Connect Wheelchair Accessible Vehicle

The Ford Tourneo introduces a Wheelchair Accessible Vehicle which is ideal for the single wheelchair occupant.

The standard Connect is available with 4 or 6 seats and, with the wheelchair facility, the Connect is available with a facility for 1 wheelchair and 2 seated passengers. A number of options are also available, along with a ramp for easy wheelchair access.

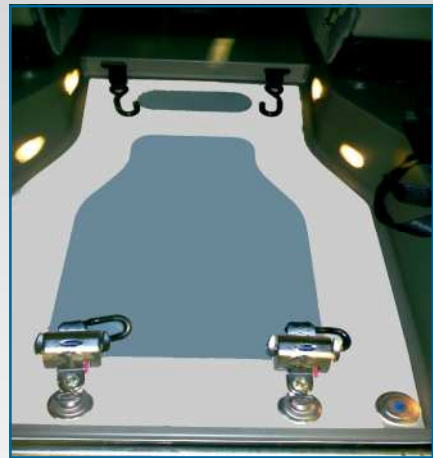

Other features of the Ford Tourneo Connect are:

- ✦ The rear floor area is lowered to give a comfortable internal height
  - ✦ The wheelchair is secured at the front by optional electrically operated restraints and rear webbing straps. An electrically operated winch is available as an optional extra
  - ✦ Full European Type Approval guaranteeing safety
- 
- ✦ A lap and diagonal seat belt protects the wheelchair passenger
  - ✦ Other optional extras are available
  - ✦ The specification also includes interior lighting and fire extinguisher
